

The Anatomy of: The Saino Models 1000 & 2000 Sliding Fire Door

The Economic Choice and Up to A 4-Hour Label

Both models are custom manufactured and available in single slide or center parting with UL and FM label ratings of 20 minutes to 4 hours. Standard features include automatic close system with thermal heat detectors and low maintenance heavy-duty hardware.

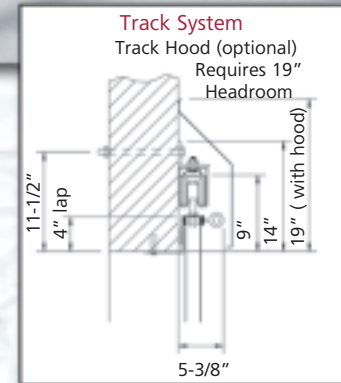

Optional Track Hood is available in 18 gauge cold rolled prime painted steel or stainless steel.

Both models are equipped with a weight type closing system with weight box, (control speed closing optional) 14 gauge box track hardware and thru wall linkage. All hardware is UL Labeled and prime painted.

Optional panic hardware and pass door.

The door is shipped prime painted with a high quality gray rust resistant paint. Optional finishes include galvanized, stainless steel or powder coated.

Standard 3 Hour Rating Panel Construction

Model 1000 incorporates modular panel construction with Kraft honeycomb core securely bonded to 20 gauge cold rolled face sheets and 18 gauge interior channels.

Model 2000 incorporates modular panel construction with calcium silicate core, for a 250°F., temperature rise rating, securely bonded to 20 gauge cold rolled face sheets and 18 gauge interior channels.

Optional 4 Hour Rating Panel Construction

Model 2000 incorporates steel tubing construction and a calcium silicate core. Model 1000 has a Kraft honeycomb core.

Model 1000/4 incorporates 12 gauge channel and Kraft honeycomb core. Model 2000 has calcium silicate core.

The panels are assembled with 14 gauge capping channel and a 10 gauge bottom guide roller channel.

Applications

- Food Processing
- Industrial
- Institutional
- Pharmaceutical
- Warehouse
- Commercial Applications

Environment

- Personnel
- Interior
- Exterior
- Loading Dock

Traffic

- Forklifts
- Motorized Pallets
- Pedestrian

Options

- F 1900 Operator with Battery Backup & Heat Detectors
- Perimeter Gasketing
- Locking Devices
- Stainless Steel Hardware
- Crush Plates
- Monorail Cutouts
- Vision Panels
